16 September 2019

MTI Wireless Edge Ltd ("MTI" or the "Group")

**Contract Win**

MTI Wireless Edge Ltd (AIM: MWE), the technology group, focused on comprehensive communication and radio frequency solutions across multiple sectors, is pleased to announce that MTI Engineering Ltd ("MTIE"), the Group's expert consulting and representation division, has signed an agreement which includes an initial order valued at approximately US\$1 million, for the supply of Hi-Power Microwave Terminations to an Israeli customer over the next 16 months.

MTIE's General Manager, Adi Peleg, commented: "We are delighted with this agreement because it provides a lot of potential, including scope for the order size to more than double in the next two years, as our customer has designed its system around MTI's component.

We continue to see high demand for our products and services and this agreement is another step in the realization of the substantial potential for our products."

## **About MTI Wireless Edge Ltd**

Headquartered in Israel, MTI is a technology group focused on comprehensive communication and radio frequency solutions across multiple sectors through three core divisions:

### **Antenna Division**

MTI is a world leader in the design, development and production of high quality, state-of-the-art, and cost-effective antenna solutions including Smart Antennas, MIMO Antennas and Dual Polarity Antennas for wireless applications. MTI supplies antennas for both military and commercial markets from 100 KHz to 90 GHz.

Internationally recognized as a producer of commercial off-the-Shelf and custom-developed antenna solutions in a broad frequency range, MTI addresses both commercial and military applications.

MTI supplies directional and omnidirectional antennas for outdoor and indoor deployments, including smart antennas for WiMAX, Broadband access, public safety, RFID, base stations and terminals for the utility market.

Military applications include a wide range of broadband, tactical and specialized communication antennas, antenna systems and DF arrays installed on numerous airborne, ground and naval, including submarine, platforms worldwide.

### **Water Control & Management Division**

Via its subsidiary, Mottech Water Solutions Ltd (“Mottech”), MTI provides high-end remote control solutions for water and irrigation applications based on Motorola’s IRRInet state-of-the-art control, monitoring and communication technologies.

As Motorola’s global prime-distributor Mottech serves its customers worldwide through its international subsidiaries and a global network of local distributors and representatives. With over 25 years of experience in providing customers with irrigation remote control and management, Mottech’s solutions ensure constant, reliable and accurate water usage, while reducing operational and maintenance costs. Mottech’s activities are focused in the market segments of agriculture, water distribution, municipal and commercial landscape as well as wastewater and storm-water reuse.

### **Distribution & Professional Consulting Services Division**

Via its subsidiary, MTI Summit Electronics Ltd., MTI offers consulting, representation and marketing services to foreign companies in the field of RF and Microwave solutions and applications including engineering services (including design and integration) in the field of aerostat systems and the ongoing operation of Platform subsystems, SIGINT, RADAR, communication and observation systems which is performed by the Company.
