MTI Wireless Edge Ltd

("MTI", the "Company" or the "Group")

MTI Launches New Interactive Investor Hub

MTI Wireless Edge Ltd (AIM: MWE), the technology group focused on comprehensive communication and radio frequency solutions across multiple sectors, is pleased to announce the launch of our interactive Investor Hub. For both existing and prospective shareholders, the new Investor Hub brings all MTI content into a single integrated platform to better inform and engage with investors and stakeholders, including:

- Regulatory announcements
- Reports
- Presentations
- Investment research

The Investor Hub also provides an interactive online experience allowing MTI's stakeholders to comment on and ask the MTI management team questions via a portal which will be monitored and responded to in a timely manner.

How to sign up for the MTI Investor Hub:

1. Visit investors.mtiwirelessedge.com
2. Follow the prompts to sign up for an investor hub account
3. Complete your account profile

MTI's CEO, Moni Borovitz, commented:

"At MTI, we are committed to delivering innovative technology solutions across our core markets while driving sustainable, long-term growth for our shareholders. Clear communication, active engagement, and transparency are central to how we operate as a public company.

Our new InvestorHub has been created to strengthen that commitment. It provides a central place for company updates, insights, and direct access to our leadership team in a simple, easy-to-navigate platform. Whether you are a long-standing shareholder or new to MTI, we invite you to explore the hub, stay informed on our progress, and engage with us directly as we continue to execute on our strategy."

Subscribe to our news alert service: <https://investors.mtiwirelessedge.com/auth/signup>**About MTI Wireless Edge Ltd. ("MTI")**

Headquartered in Israel, MTI is a technology group focused on comprehensive communication and radio frequency solutions across multiple sectors through three core divisions:

Antenna division

MTI is a world leader in the design, development and production of high quality, state-of-the-art, and cost-effective antenna solutions including Smart Antennas, MIMO Antennas and Dual Polarity Antennas for wireless applications. MTI supplies antennas for both military and commercial markets from 100 KHz to 174 GHz.

Internationally recognized as a producer of commercial off-the-Shelf and custom-developed antenna solutions in a broad frequency range, MTI addresses both commercial and military applications.

MTI supplies directional and omnidirectional antennas for outdoor and indoor deployments, including smart antennas for 5G backhaul, Broadband access, public safety, RFID, base station and terminals for the utility market.

Military applications include a wide range of broadband, tactical and specialized communication antennas, antenna systems and DF arrays installed on numerous airborne, ground and naval, including submarine, platforms worldwide.

Water Control & Management division

Via its subsidiary, Mottech Water Solutions Ltd ("Mottech"), MTI provides high-end remote control and monitoring solutions for water and irrigation applications based on Motorola's IRRInet state-of-the-art control, monitoring and communication technologies.

As Motorola's global prime-distributor Mottech serves its customers worldwide through its international subsidiaries and a global network of local distributors and representatives. With over 25 years of experience in providing customers with irrigation remote control and management, Mottech's solutions ensure constant, reliable and accurate water usage, increase crops quality and yield while reducing operational and maintenance costs providing fast ROI while helping sustain the environment. Mottech's activities are focused in the market segments of agriculture, water distribution, municipal and commercial landscape as well as wastewater and storm-water reuse.

Distribution & Professional Consulting Services division

Via its subsidiary, MTI Summit Electronics Ltd., MTI offers consulting, representation and marketing services to foreign companies in the field of RF and Microwave solutions and applications including engineering services (including design and integration) in the field of aerostat systems and the ongoing operation of Platform subsystems, SIGINT, RADAR, communication and observation systems which is performed by the Company. It also specializes in the development, manufacture and integration of communication systems and advanced monitoring and control systems for the Government and defence industry market.

***About Reach announcements**

This is a Reach announcement. Reach is an investor communication service aimed at assisting listed and unlisted (including AIM quoted) companies to distribute media only / non-regulatory news releases into the public domain. Information required to be notified under the AIM Rules for Companies, Market Abuse

Regulation or other regulation would be disseminated as an RNS regulatory announcement and not on Reach.
